§ 38.600

§38.600 Core Principle 11.

The board of trade shall establish and enforce:

- (a) Rules and procedures for ensuring the financial integrity of transactions entered into on or through the facilities of the contract market (including the clearance and settlement of the transactions with a derivatives clearing organization); and
 - (b) Rules to ensure:
 - (1) The financial integrity of any:
- (i) Futures commission merchant, and
 - (ii) Introducing broker; and
 - (2) The protection of customer funds.

§38.601 Mandatory clearing.

- (a) Transactions executed on or through the designated contract market must be cleared through a Commission-registered derivatives clearing organization, in accordance with the provisions of part 39 of this chapter. Notwithstanding the foregoing, transactions in security futures products executed on or through the designated contract market may alternatively be cleared through a clearing agency, registered pursuant to section 17A of the Securities Exchange Act of 1934.
- (b) A designated contract market must coordinate with each derivatives clearing organization to which it submits transactions for clearing, in the development of rules and procedures to facilitate prompt and efficient transaction processing in accordance with the requirements of §39.12(b)(7) of this chapter.

[77 FR 36700, June 19, 2012, as amended at 77 FR 37803, June 25, 2012]

§ 38.602 General financial integrity.

A designated contract market must provide for the financial integrity of its transactions by establishing and maintaining appropriate minimum financial standards for its members and non-intermediated market participants.

§38.603 Protection of customer funds.

A designated contract market must have rules concerning the protection of customer funds. These rules shall address appropriate minimum financial standards for intermediaries, the segregation of customer and proprietary funds, the custody of customer funds, the investment standards for customer funds, intermediary default procedures and related recordkeeping. A designated contract market must review the default rules and procedures of the derivatives clearing organization that clears for such designated contract market to wind down operations, transfer customers, or otherwise protect customers in the event of a default of a clearing member or the derivatives clearing organization.

§38.604 Financial surveillance.

A designated contract market must monitor members' compliance with the designated contract market's minimum financial standards and, therefore, must routinely receive and promptly review financial and related information from its members, as well as continuously monitor the positions of members and their customers. A designated contract market must have rules that prescribe minimum capital requirements for member futures commission merchants and introducing brokers. A designated contract market must:

- (a) Continually survey the obligations of each futures commission merchant created by the positions of its customers:
- (b) As appropriate, compare those obligations to the financial resources of the futures commission merchant; and
- (c) Take appropriate steps to use this information to protect customer funds.

§ 38.605 Requirements for financial surveillance program.

A designated contract market's financial surveillance program for futures commission merchants, retail foreign exchange dealers, and introducing brokers must comply with the requirements of §1.52 of this chapter to assess the compliance of such entities with applicable contract market rules and Commission regulations.

§ 38.606 Financial regulatory services provided by a third party.

A designated contract market may comply with the requirements of §38.604 (Financial Surveillance) and §38.605 (Requirements for Financial

Surveillance Program) of this part through the regulatory services of a registered futures association or a registered entity (collectively, "regulatory service provider"), as such terms are defined under the Act. A designated contract market must ensure that its regulatory service provider has the capacity and resources necessary to provide timely and effective regulatory services, including adequate staff and appropriate surveillance systems. A designated contract market will at all times remain responsible for compliance with its obligations under the Act and Commission regulations, and for the regulatory service provider's performance on its behalf. Regulatory services must be provided under a written agreement with a regulatory services provider that shall specifically document the services to be performed as well as the capacity and resources of the regulatory service provider with respect to the services to be performed.

§ 38.607 Direct access.

A designated contract market that permits direct electronic access by customers (i.e., allowing customers of futures commission merchants to enter orders directly into a designated contract market's trade matching system for execution) must have in place effective systems and controls reasonably designed to facilitate the FCM's management of financial risk, such as automated pre-trade controls that enable member futures commission merchants to implement appropriate financial risk limits. A designated contract market must implement and enforce rules requiring the member futures commission merchants to use the provided systems and controls.

Subpart M—Protection of Markets and Market Participants

Source: 77 FR 36700, June 19, 2012, unless otherwise noted.

§38.650 Core Principle 12.

The board of trade shall establish and enforce rules:

(a) To protect markets and market participants from abusive practices committed by any party, including abusive practices committed by a party acting as an agent for a participant; and

(b) To promote fair and equitable trading on the contract market.

§ 38.651 Protection of markets and market participants.

A designated contract market must have and enforce rules that are designed to promote fair and equitable trading and to protect the market and market participants from abusive pracincluding fraudulent. tices noncompetitive or unfair actions, committed by any party. The designated contract market must have methods and resources appropriate to the nature of the trading system and the structure of the market to detect trade practice and market abuses and to discipline such behavior, in accordance with Core Principles 2 and 4, and the associated regulations in subparts C and E of this part, respectively. The designated contract market also must provide a competitive, open and efficient market and mechanism for executing transactions in accordance with Core Principle 9 and the associated regulations under subpart J of this part.

Subpart N—Disciplinary Procedures

SOURCE: 77 FR 36700, June 19, 2012, unless otherwise noted.

§38.700 Core Principle 13.

The board of trade shall establish and enforce disciplinary procedures that authorize the board of trade to discipline, suspend, or expel members or market participants that violate the rules of the board of trade, or similar methods for performing the same functions, including delegation of the functions to third parties.

§ 38.701 Enforcement staff.

A designated contract market must establish and maintain sufficient enforcement staff and resources to effectively and promptly prosecute possible rule violations within the disciplinary jurisdiction of the contract market. A designated contract market must also monitor the size and workload of its enforcement staff annually, and ensure
